The background of the lower half of the page features a composite image. Two hands are shown holding two smartphones. The screens of the phones display cityscapes. Overlaid on the entire scene is a complex network of black lines and blue dots, suggesting a digital or engineering theme. The background also includes a blurred cityscape at night with lights reflecting on water.

### COST CONTROL

Tresviri provides cost insight for the full project cycle. We ensure that accurate forecasting is available at any time and that stake holders have the correct information available to make the right decision

### CLAIM MANAGEMENT

Tresviri structures' complex files and records when parties can not reach an agreement about the completion of an assignment. We inventory all facts from contract, scope, execution, etc. for mediation and arbitration.

### SCOPE CHANGE PROCESS

Tresviri knows all contract documents, scope and physical execution. We signal scope deviations in time, handle the processing and arrange approval. This does limit financial discussions and results fast close out.

### EFFICIENCY IMPROVEMENT

### EFFICIENCY IMPROVEMENT

Tresviri utilizes multiple methods to monitor execution of activities. We use manual or RFID techniques to collect data. The collected data is analyzed and we provide practical advice to improve the efficiency.

### COST REDUCTIONS

### COST REDUCTIONS

Tresviri analyses activities and typical costs. With practical knowledges from client's organization we realize significant cost reductions. We advise and take care of the implementation process, as well as the assurance of relevant knowledge.

### ESTIMATES

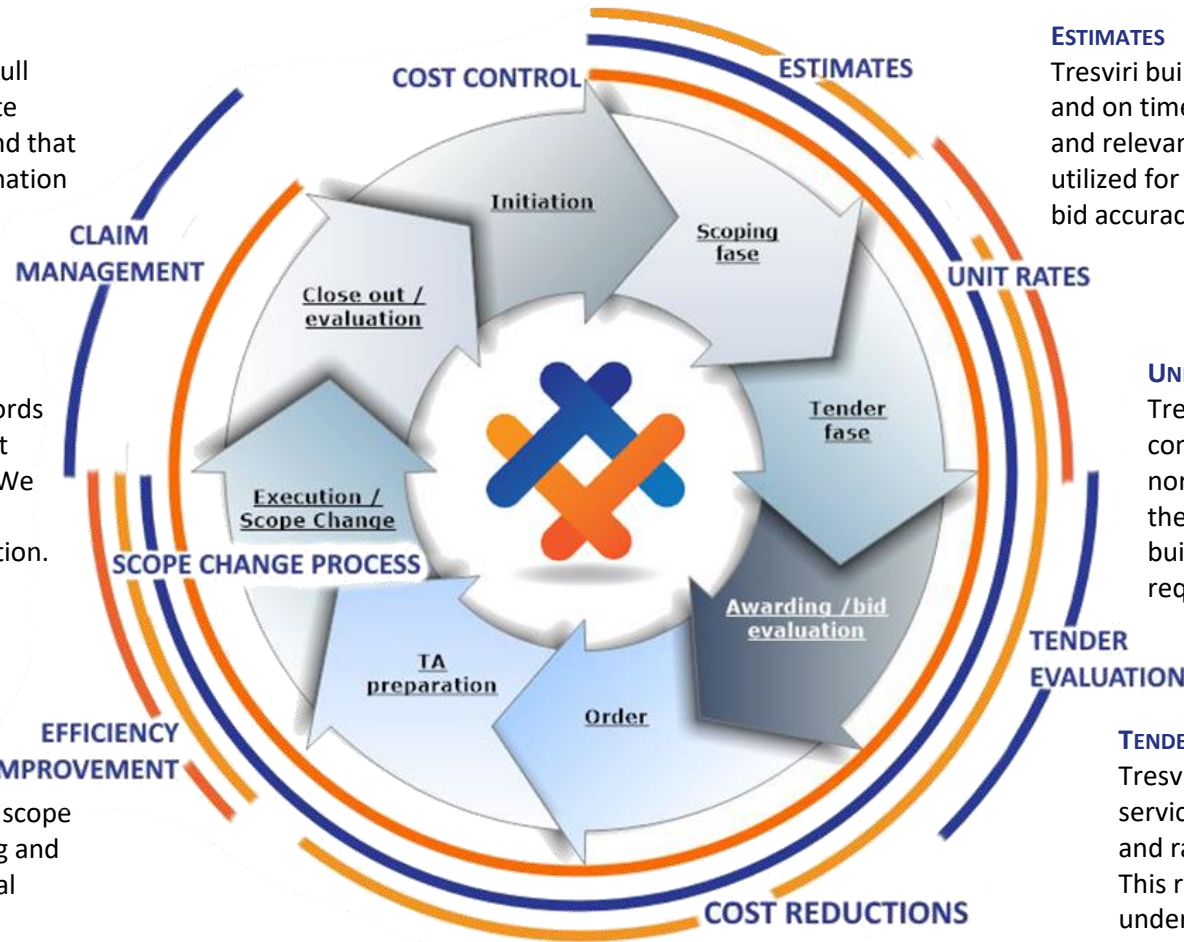

Tresviri builds estimates transparent, solid and on time. We work with short lead times and relevant datasets. Our estimates are utilized for tender procedures and increases bid accuracy, leading to successful projects.

### UNIT RATES

Tresviri has extensive experience with the composition, application and evaluation of norms. For every industry and activity there are unit rates available. We also build custom norms as per client requirement.

### TENDER EVALUATION

Tresviri evaluates bids for EPC contracts, services and materials. We normalize bids and rates and compare (contract) conditions. This results in an objective, transparent and underpinned advise for contract award.

### WHO DO WE WORK FOR?

Tresviri works for asset owners, contractors and liquidators. We are specialized in services where technology and cost come together.
